FEARFUL ELECTRIC STORM SUNDAY

The Angry Clouds Emmitting Lightning Rain and Hail Left Desolate Track Where it Passed

The fearful electric rain and hail storm passing over Marion Sunday is unprecedented in the history of the town and country which it passed. Between Marion and Blackford the crops have been greatly damaged, and between Repton and Blackford, along the I. C. railroad, acres of fine tobacco and corn was washed almost bare. And a like report comes from all over the county. In Piney neighborhood among the best tobacco raisers of the county where the crop was forward and beautiful report comes that the acreage not washed away, is greatly damaged, twenty per cent. of corn, oats, hay and wheat is also greatly damaged.

The electric display was the grandest ever witnessed—as if all of Heavens artillery had been turned loose and without restraint, swept over the country, like Napoleon's army, or Sheridan's march to the sea and in its track much loss to stock and grain. More than twenty head of stock have been reported killed from various parts of the county. The damage in the vicinity of Marion by lightning was: Wheat stack of Josie Hunt burned, horse killed on Bob Spense farm, horse killed on Wyatt Hunt's farm and a mule of J. E. Glass, who but a few weeks ago lost his home and contents by fire, and two fine mules for Mr. Lowery near Fredonia.

REV. T. M. HURST IN EUROPE

Writes Interesting Letter From Italy Where his Party is Having a Good Time.

Our party is spending the night in Cortina d'Ampezzo Austramade the most beautiful Alpine scenery in the world. In the very heart of the Dolomites. If you don't know what Dolomite means read Stoddards work. Your neighbor will lend it to you if you haven't got a copy. Look at the pictures as you read and when I tell you that even Stoddard with the pen and the camera could not describe this scenery you will surely excuse me if I do not try. We left Oberammergau last Monday in an automobile after seeing the Passion Play and went to Mittenwald, Bavaria, there we took a break drawn by horses over the mountain to Zirl where we got a train to Innsbruck Austria. Thence by train to Tablach where we got Landaus through the dolomites and we are tired to night. Tomorrow we have 50 miles in Landaus to Belluno Italy where we get a train to Venice in time to go to church Sunday. This mountain scenery is grand but some of our folks shiver with cold. We are up where it is snowing to beat the band and for two days the snow fell in a regular whirl wind at intervals, but when we get to Italy we will pay up for it as it is as hot as the old version. Last night we had tyrolean trout for dinner and it was fine. These cold rushing mountain streams are full of fish and as we drove along and saw others angling for them I wished for a day off to try my luck. When I left home I meant to write about the Passion Play, but I cannot do it justice. It must be seen. No preconceived notions, no reading or lecturing about it can give one any just conceptions of it and I am sure that a hurried written newspaper article, written on the fly would do it no credit. Think of an entertainment that can hold 4500 people in silence for 8 hours on a cold raw day with 3500 people asking for tickets and failing to find room and you have it. This in a town smaller than Marion and located in the mountains at an inaccessible point. Over 100 actors and all nations of the village. Personal I was entertained in the home of the man who played the part of James and was introduced to the man who took the part of Nicodemus. He speaks good English but the other man does not tho his wife is studying English. I saw Auton Lang but did not speak to him though I hired an automobile from his brother and paid him 168 marks and he seemed about as well pleased to get the money as the average American even if they do say that an Oberammer gunn does not care for money.

T. M. HURST.

Dan N. Riley, a prominent farmer, of near Fredonia was in Marion Tuesday. While here Mr. Riley spoke in complimentary terms of the Continental Insurance Company, of which James Hicklin is agent, for the prompt settlement of his claim of \$1,400 for loss of his barn by lighting last month.

STEMMING DISTRICT ASSOCIATION

Pay to the Poolers Their Dividends on the 1909 Crop of Tobacco Monday and Tuesday

Monday and Tuesday were busy days in Marion and the streets were thronged with farmers from all parts of the county to receive their dividends on the 1909 crop of tobacco.

Not only was Mr. E. G. Thompson busy writing checks, but Cashier T. J. Yandell at the Marion Bank, equally as busy paying them, and notwithstanding the great loss sustained by the farmers from the recent heavy rains they were in good spirits and well satisfied with their settlement.

This universal expression of satisfaction is a bouquet of no little value thrown at the feet of Mr. Wm. Elliot for having secured for them the good prices prevailing, and Mr. Banks for his untiring energy in editing and publishing the "Good tidings of great joy" throughout the five counties composing this district. With men of such knowledge and ability at the helm it is little wonder that their organization has been successful and a boon to the farmer.

Miss Freda Pickens left Monday for Leitchfield, Ky., where she will be the guest of Mrs. L. S. Rogers, for two weeks.

A DIAMOND RING OF RARE VALUE

To Be Given Away On The 10th Day of August to One Holding The Lucky Number

On August the 10 as has been heretofore advertised a beautiful \$75.00 diamond ring will be given away at A. S. Cavenders to lucky number. For several months this contest has been on and for every dollar spent at her store she has been giving chances at the ring. It is an absolutely fair contest, the winner and none but the winner to carry it away.

Now the time is close at hand that some one will claim it. Whose hand will it adorn? For surely an article of such value is capable of adorning. The ring will go as advertised and the more chances you have the better are your chances for winning. So come in and secure as many as possible. For every dollar you get a chance and also do you for every dollar paid on account.

FLUOR SPAR COMING IN

Fluor Spar is coming into Marion more rapidly than for years. Depot street, the public thoroughfare from the I. C. railroad was blocked with four-horse teams Tuesday and Wednesday and the bus and hack drivers were compelled to turn into another street. Surely old Crittenden is on a boom in the mineral way.

THE FIRST CONTEST COUNT

Will be Made Saturday Evening And Announced From the Marion Bank.

The first count in the great Record-Press Contest will be made by G. H. Orme, Senator P. A. Maxwell and Jeff Asher at Marion Bank Saturday at 4 o'clock as to who will win the \$10.00 in gold for having received the greatest number of votes to that hour.

Votes are coming in now from all parts of the country and from all parts of the United States for every candidate named and the winning of the first prize is by no means a sign that the same party will win the fine piano. The prize belongs to no one until the race is run and the last count is made.

More interest is being shown than in any contest we ever saw. Get to work for one of the many prizes. There will be a big crowd in front of the Marion Bank Saturday evening to hear the result of the first count.

BARBECUE

On Saturday July 23, there will be a grand barbecue given at Cookseyville half mile north west of Mexico on the above date. There will be all kinds of meats and refreshments of all kinds. Good music by a splendid band.

HOUSE BREAKING FRIDAY NIGHT

Hotel Crittenden Kitchen and Dining Room Invaded Other Houses Invaded

With malice aforethought and an utter disregard for the peace and dignity of the Commonwealth, Hallie Wilcox entered the kitchen of Hotel Crittenden through the window Friday night or Saturday morning and when caught by the jovial proprietor, Q. M. Conyer, was well loaded with many good things left over from dinner and supper, enough to a feed regiment a week. By accident the negro dropped something on the stove, that aroused Mr. Conyer from his usual morning dream of a big run, and in bare feet and with blood in his eye for having been forced by his good wife, as committee of one, to see what it meant, caught the dusky invader loaded with enough good eatables check to Cokey's army, just as he was preparing to make his exit.

The negro said he was truly sorry that he had put Mr. Conyer to the trouble of getting up before his time and especially sorry that he would be so soon returned to the penitentiary, having only enjoyed two months vacation, after finishing a term for a like offense.

Attempts were made to enter the homes of Rev. J. B. Adams, N. E. Calmes, J. I. Clement and others. Bro. Adams claims Hallie was not the negro who made the attempt to enter his home.

THE SOW THAT RAISES PIGS

We are now up to the time when the sows which are to raise the early fall litters must be bred. Here is where so many breeders fall down. The selection of the right sort of sows means the success of your next hog crop. This selection should have been made several months ago, but not many do that, preferring to wait until about breeding time and then do it. If these sows have had the run of the feedyards, better get them out of there and cut down their corn allowance and increase the alfalfa, clover and bran portion. The essential thing, after the sow is bred, is to keep her thrifty, but not over-fat. The brood sow should be given ample range all the time, and after she is bred she should be fed plenty. Feed the sows rationally. Young pigs are not made out of corn, hence feed the mothers such food as will keep themselves in good condition and at the same time supply the material necessary to frame the young.

We have the best success in handling sows this way: After the sows are bred they are allowed the run of the pastures during the daytime. They are comfortably housed at night and we see that none sleep out around the straw stacks. This habit of sleeping in their houses should be well fixed as soon as possible. About two weeks before the sow is due to farrow she is put up in an individual pen and kept there until her pigs are a month old. With some sows it may take a week or more to get them quieted down so they won't fret. Be patient, and be quiet. The sow must be contented by the time she farrows and this calls for quiet, gentle handling.—Farmers Home Journal.

A GIGANTIC STOCK SALE

Will Equal the Union County Fair And for Those Wanting Fine Stock, More Profitable.

The great Stock Sale of the late Dr. J. O. Dixon to be seen on another page will prove the greatest event in stock circles ever taking place in this or adjoining counties.

Dr. Dixon was a great and good man and one of the greatest promoters of fine stock in Crittenden county. His farms were all stocked with the best registered stock to be had of horses, mules, hogs, cattle, and sheep and it has been said by those in a position to know, the best stocked farm in Western Kentucky.

And just so it is with his farm implements and farm machinery. No farm in many counties was better equipped with the latest modern implements and machinery than were the Dixon farms.

This sale will be of such magnitude that people will be there for many counties around for the reason that the quality of fine stock and high class machinery is so unusual and so tempting that it will prove a pleasure to them even though they may not buy.

Watch the day and dates as advertised, Tuesday Aug. 11 at his stock barn at Marion and Thursday and Friday Aug. 11-12 at his farm near Tolu.

Draws Lucky Number in the Weldon-Hina Grocery Company Prize Contest

I. H. York, of Claylick, holding the lucky number, 809, won the beautiful kitchen cabinet in the recent contest just closed at the Weldon-Hina Grocery Company store.

The contest proved a profitable one to the company as well as satisfactory to their customers and that a single man out in the country drew the prize, evidently shows there could have been no picked favorites.

There were 4000 tickets out, representing four thousand dollars, which was a chance in 4000 for the winner.

CATARRH CAN QUICKLY BE CURED

A little of Hymel, a hard rubber pocket inhaler, that will last a lifetime, and simple instructions for curing catarrh make a Hymel outfit.

Into the inhaler you pour a few drops of magical Hymel (pronounce it High o-me.)

This is absorbed by the antiseptic gauze within and now you are ready to breathe it over the germ infested membrane where it will speedily begin its work of killing catarrh germs. Hymel is made of Australian eucalyptol combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to cure catarrh, bronchitis, sore throat, croup, coughs and colds, or money back. It cleans out a stuffed up head in a few minutes.

Sold by druggists everywhere, and by Haynes & Taylor. Complete outfit \$1.00. And remember that extra bottles if afterwards needed cost only 50 cents. Breathe it that's all.

The Cincinnati Enquirer publishes and exhaustive review of the tobacco conditions in the United States. The review is in part as follows:

This year's crop of tobacco in the United States will not be far from 70,000,000 pounds greater than the crop of 1909, and that broke all previous records.

The nearest approach to last year's crop in size was that of 1899, when according to the figures of the bureau of statistics of the department of commerce and labor there were planted in the United States 1,101,450 acres, from which the production was 868,112,865 pounds valued at \$56,987,902.

According to the same authority last year's acreage was 1,180,300 and the production 949,357,000 pounds valued at \$95,719,365.

This area is perhaps too large by 50,000, as that of Kentucky is reported at 420,000 where it could not at most have exceeded 370,000. The returns this spring of the acreage planted last year as reported to the Enquirer for this review, show an acreage of 365,400. This still will leave the area planted in 1909 stand as the record to that time, 1,132,525 acres and make the production about 940,959,400 pounds.

The crop of 1910 has been planted practically every where or will be in a few days. The indications are that the area planted is about 1,219,877 acres, from which not less than 1,000,000,000 (probably more) pounds of leaf tobacco should be harvested. Another year of extension of this industry and the tobacco production of this country should be well established beyond the 1,000,000,000 pound mark.

The Crop Outlook

On the whole this year's crop was not planted under very favorable conditions. The long continued cold and wet weather of late spring interfered with the plants in the beds. Then in some places the early set plants were caught by the cold of the latter part of May and the first of June. This unfavorable weather also interfered with plants in beds intended for late crops and made them later than usual.

The area planted this year in Kentucky in 30,000 acres greater than in 1909. Planting conditions were very mixed as will be seen from the table of counties. Some reports are very discouraging, while others say the plants were never before set out under such favorable conditions; that they were strong, have grown well and promise record yields. About half the acreage is white Burley, the other types being red Burley, dark stemming Green river, French Italian, Turkish, yellow

Prior, Regia types, blue Prior, Orinoco and almost countless other varieties even standard types yielding almost new varieties when introduced into new districts.

The Crittenden Record-Press

N. E. CALMES Editor and Publisher.

Entered as Second-Class matter February 25th 07 at the postoffice at Marion, Kentucky, under Act of Congress of March 3, 1879.

One Dollar the Year in Advance.

For several weeks Marion has been full of visitors, old people, young people, lads and lassies and of the latter, some of the prettiest to be found the world over. It is commonly known that Marion boasts of a great number of girls just budding into sweet young womanhood and that the great number of summer visitors are so universally beautiful and attractive makes it no wonder that the attention of scores of prominent people are attracted and that they are lavishly dropping compliments at nearly every home. In an evening ride over the city a glance in the beautiful yards of the lovely homes of Hon. Jno. W. Blue, S. M. Jenkins, H. K. Woods, Dave Woods, Senator Deboe, Congressman Ollie James, Dr. Driskill, Mrs. Croft Judge Rochester, C. S. Nunn, Sam Gugenheim, T. J. Yandell, Geo. Gray, J. N. Boston Dr. I. H. Clement, R. F. Haynes and numbers of others, discovers a bevy of girls and young ladies as fresh and beautiful as the flowers of springtime. They are here, they are ours and we are proud of them.

The whiskey people are using some of the most absurd arguments any sane man ever heard of. For instance that more liquor is being sold in local option territory now than before the damned stuff was voted out, and that the revenue receipts are now greater than ever before, all of which if true would class them among the biggest fools on earth for wanting to vote it back. Why don't they go to our jails and grave yards for proof that whiskey is an evil and a curse and to our banks that there are thousands of men in local option territory now with bank accounts that never had before. The keeper of the cemetery at Fulton in his 13 years service, buried during his six years under whiskey

rule 40 people in the pauper lot, while in his 7 years service since whisky was voted out, but three bodies have been consigned to the pauper lot. Then what about all our empty jails? Answer ye rumsoaked blather-skites.

THE OHIO CRIME

The state of Ohio stands disgraced before the world. The lynching of a young man—barely more than a boy—by a cowardly pack of bloodthirsty "citizens"—God save the mark!—at Newark, was one of the most brutal and wholly indefensible mob crimes of the many that have stained the records of that state. The young fellow, employed by the Anti-Saloon League, with others, with others, to serve warrants upon illegal liquor sellers, was, according to newspaper reports, pursued by a crowd of speak-easy patrons and sympathizers and roughly handled. In self-defense, it appears, he shot one of his pursuers. But whether or not the shooting was justified, the fact remains that the victim of the lynching was in custody in the county jail, with no possibility of escape from the legal consequences of his act, when the mob of friends broke into the prison, dragged him out and hanged him to a telephone pole.

It is fortunate that Ohio has a man of the caliber of Judson Harmon as governor. Immediately upon news of the mob's crime reaching him, Governor Harmon left his vacation outing and started for the scene of the outrage. Instantly he instituted proceedings to make the ring-leaders in the lynching and those officials who, by failure to protect their prisoner, were parties to the crime, suffer for their anarchy. It is high time that an example should be made, that blood-lustful cowards who go to make up mobs and chicken-gizzard officials who bow in craven obedience to the worst elements of society shall have a lesson indelibly impressed upon them. Those responsible for the Newark crime are neither more nor less than deliberate murderers and must be treated as such under our system of government if we are to be confessed a failure and law

and order are to be supplanted by violence and anarchy.

Our clever little jailer, Will Wallace is so ingratiating himself in the hearts of the people and becoming so popular both as a man and an officer that it is going to be hard to keep him from a second term. No man has looked after the jail, court House and its beautiful yard, or been more attentive to the courts and officers than has this clever little gentleman. He is a "daisy" in full bloom.

And just such men, we are proud to say are all our officers: Judge Walter A. Blackburn, Sheriff Joel A. C. Pickens, Circuit clerk, Joseph G. Rochester county clerk, L. E. Guess and Miss Leaffa Wilborn assistant county clerk, and clever little Jno. A. Moore our popular attorney.

All of these officers are competent and by their efficiency in office have won the hearts of the people.

This is a mixed brigade of Democrat and Republicans, but the editor of the Record-Press never notices party lines when good men are concerned, giving credit where credit belongs. And if this same party line was overlooked by the whole people all the time when it comes to selecting the best men to fill county offices, our county would prosper beyond our conception and bloom as the rose of Sharon.

Elect such officers as now grace our court house even to the third term if they be the most competent.

August Ropke, Assistant Cashier of the Fidelity Trust Company of Louisville has been robbing the company of thirty thousand dollars a month for the past year and the matter just found out. My, what diligent officers are in charge of these banks. Surely they must have money to throw at the birds that \$360,000 is not missed in twelve months. But such things are common now. You know Dinkelspiel robbed the Equitable Insurance Company of New York of three million dollars twenty years ago and they not only retained him but raised his wages. Alitur vitium vivitque legendo.

The Crittenden County Division of the F. E. & C. U., of America met in Quarterly session on the 14th-15 of July. The attendance was surprising, considering the very busy time with farmers. Much interest was manifested from start to finish, and we hope much good accomplished. August 13th was selected as the time for the Stock holders to meet and decide upon a "Produce Exchange," also the same day at 1 p. m., all poolers of tobacco in the F. E. & C. U., pool will elect delegates to the state convention, at Central City, on July 26-27-28. J. E. Dean Delegate, J. P. Pierce Alternate; C. R. Newcom Delegate; A. Towery Alternate; C. W. Fox Delegate; J. F. Moore, Alternate; J. W. Rascoe, Delegate; G. H. King, Alternate.

IMPORTANT NOTICE

As the Constitution of the Stemming District Tobacco Association provides that county committeemen be elected in July and that said newly elected committee meet at the Court House in Marion on first Saturday in August and elect county chairman who becomes a member of the district board. Now therefore all persons who have pooled their tobacco with the Association for the year 1910 are hereby called to meet at their usual voting places.

On Saturday July 30th 1910 at 2 o'clock p. m. and elected committeemen for the ensuing year.

Places of voting:
Marion District No. 1 Marion
Marion " " 2 Marion
Dycusburg " " 3 Frances
Union " " 4 Union
Hurricane " " 5 Sheridan
Fords Ferry " " 6 Heath SH
Bells Mines " " 7 Rosebud
Piney " " 8 Iron Hill

All members should bear in mind that this is a very important matter and go out on the above dates and take part in electing a man to represent them on the county board. My friend if you have not pooled your tobacco, do so at once. Go to the election and elect a good man and then stand by him. Don't forget time and place. Trusting that every ticket will turn out. I remain yours for the boys in the furrow.

W. B. RANKIN,

BLACKBURN LANDS JOB AT PADUCAH

County Judge of Crittenden Will
Be Made United States Circuit
Court Clerk.

Judge Walter A. Blackburn, formerly chief deputy under Dr. A. D. James, United States Marshal for the Western District of Kentucky, with headquarters in this city, today or tomorrow will be appointed Clerk of the United States Court at Paducah, succeeding John R. Puryear, who died last Saturday. Judge Blackburn is now County Judge of Crittenden county, but will resign at once to assume his new duties. He gave up his position in the United States Marshal's office in this city to make the race for County Judge some five years ago, and won easily. He was re-elected a year ago, and is now serving his second term.

The appointment will be made by Judge Walter Evans, of the United States District Court for the Western District of Kentucky. Judge Evans was indisposed today and could not hold the regular session of court, but it is probable that the order making Judge Blackburn Clerk of the United States Court at Paducah will be made some time this afternoon.

Judge Blackburn arrived in Louisville today and was in the United States Court this morning. It is not known who will succeed Judge Blackburn as Judge of the Crittenden County Court.

It will be the duty of County Clerk, L. E. Guess to convene the Board of Magistrates, whose duty it is to elect a successor to Judge Blackburn.

Misses Lillie and Lou Coffield, of Louisville arrived Tuesday and will be the guest of friends here for several days. They are the daughters of Mr. Robert Coffield former postmaster of this city and were very popular while living here. They now own a millinery establishment on Fourth Ave., in Louisville.

The game of ball Tuesday between Henderson and Marion resulted in a victory for Marion by a score of 16 to 5.

Mr. and Mrs. George Cochran who have been living in Nashville are in the city enroute to Memphis, where he has a position as watch inspector for the I. C. R. R. They are the guest of his mother, Mrs. J. T. Cochran while here.

Mr. and Mrs. William Blackman and son, Sutton, of Evansville are the guest of Dr. and Mrs. Driskill.

Miss Margaret Blackman, of Evansville, arrived Saturday and will be the guest of Misses Maud and Bernice Driskill for two weeks.

Mrs. C. M. Davis and children of Mayfield, who have been the guests of her brother, Mr. Gus Taylor and family and other relatives in this city returned home Monday.

Mr. Gray Rochester and sister, Nannie, who have been the guests of Miss Bettie Scyster, of Smithland for a week returned home Tuesday.

We will pay twenty-five cents extra per ton on all spar handled in July from our mines near New Salem to railroad at Marion.

THE MARION GRADED SCHOOL

Trustees Meet and Elect Principal Assistant and Teachers for Coming School Year.

At a meeting of the Board of Trustees of the Graded School of Marion, W. B. Yandell Pres., W. Blue, H. A. Hanes, A. C. Moore and T. H. Cochran trustees; Prof. James U. Snyder, Jellico, Tenn., was elected principal with popular little J. M. Hawes of Union City, Tenn., as his able Assistant.

The following corps of teachers were elected: Miss Maggie Moore, Eighth grade; Miss Florence Harris, Seventh grade; Miss Iva Hicklin, Sixth grade; Miss Carrie Gill, Fifth grade; Miss Edith Brewer Fourth grade; Miss Ethel Hard, Third grade; Miss Lena Woods, Second grade; Miss Fannie P. Walker, First grade.

Miss Carrie Gill is of the county and Edith Brewer, is of Greenville, Ill. The remaining six are all Marion ladies.

In the selection of Principal and Assistant from a sister state by the Honorable Board we have no comment. We know them to be men of honor and with the best interest of the Marion Graded School of Marion at heart, know full well that they acted for the best. Prof. Hawes has been tried and known his worth as an accomplished educator and an educator so far above the average that the patrons and pupils heartily concur with them in their selection. Prof. Snyder comes so well recommended that there is little to fear as to their judgment in this selection.

REWARD, \$100

Readers of this paper will be surprised to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The doctors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., 1000 Broadway, New York, N. Y. Sold by all Druggists, etc.

A BEAUTIFUL PREMIUM

Morris & Travis who are to give a \$10.00 premium in the Board-Press Prize Contest have just received theirs, a beautiful full set of Sterling silver knives and forks, tea and table spoons, butter knife and several other useful table articles. This nice gift is truly worth working for.

For every dollar spent at their counter they give a coupon of 25 votes that you can vote as you please.

HOW TO CURD DCDMB, PIMPLES, AND DANDRUFF

We desire to say that when we took the agency for Zemo, we were convinced that it was a valuable remedy for freckles, pimples, and dandruff. Yet we must frankly admit that Zemo has far exceeded our expectations as a treatment for skin diseases. We are pleased to state that we shall continue the agency as Zemo has given splendid results wherever recommended. Our customers like Zemo too, because it is a clean vegetable liquid for external use.

Zemo effects its cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clear and healthy. It does not soil the clothing or linen and can be used freely on infants.

With every purchase, we give a book let on skin diseases explaining in simple words how any person can be cured at home of any form of skin or scalp disease by this clean, scientific remedy. Haynes & Taylor Druggists.

WHY HESITATE

An Offer that Involves No Risk For Those Who Accept it

We are so positive our remedy will relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestines or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to a healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 10c, and 25c. Sold only at our store—The Rexall Store. Haynes & Taylor Drug Co.

SHAKE UPS AT PENITENTIARIES

Frankfort, Ky., July 12. At the meeting of the prison commission in August, there will be a number of shake-ups in the officials of the Frankfort and Eddyville penitentiaries. The term of Dr. Joseph Severance, chaplain of the prison in this city, will expire July 31, and it is understood that Walter Z. Vreeland, brother of Graham Vreeland and Joseph Vreeland, will land the place. Dr. Joseph Barr, who is the physician at the Frankfort penitentiary, will also be retired and will be succeeded by Dr. H. M. Maggard, of Ashland.

At the Eddyville penitentiary Dr. R. H. Moss, of Hodgenville, will succeed Dr. J. A. Watkins as physician. Dr. Watkins goes to Hopkinsville, where he will become assistant physician at the Western Assylum. Dr. Moss was a member of the 1910 general assembly and established himself an enviable reputation. He is one of the leading doctors and druggists of that section of the State.

Dr. Barr has been one of the most painstaking physicians to ever hold the place at the penitentiary here and the convicts are sorry to see him go, for he has not only been there physician but their friend.

Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, for when it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste and you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 1850 Caldwell Building, Monticello, Ill.

COMMODORE MINES IN FULL BLAST

Now Mining and Loading an Eight Thousand Pounds Railroad Car Every Day

The Commodore Mineral Mines is now blooming into glorious rivalry and will soon be, if not already the foremost fluor spar mine in the county.

At the depot the observer can not help look in wonder at the wagon after wagon, loaded with the richest ground fluor spar on the market coming in from these mines, and the fact that more is not coming in is because as yet, they have not the room to place more men inside for surely it takes inside men to send out the ore.

Those in a position to know, say it will not be later than January when they will be hauling this rich ore over their own new railroad. This should be encouraging to Marion and Crittenden county people as a standard gage road built eight miles towards the Ohio River and the connecting line on the other side, means more than a stop at the rich Commodore.

GOOD WORK

Done Daily in Marion Many Citizens Tell of it.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Marion still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

J. O. Taylor, Marion, Ky., says: "I was afflicted with kidney trouble for about six years. The pains in my back were severe at times and when I was stooping or lifting, sharp twinges passed through my loins. My back always ached more intensely at night and in the morning I felt very lame. I tired, was languid and nervous and had headaches. The kidney secretions also passed to frequently and caused me annoyance. I took the contents of one and a half boxes of Doan's Kidney Pills procured at Haynes & Taylor Drug Store and they rid me of every symptom of my trouble. I am now in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
